A CONTEMPORARY MASTERPIECE

Blackbird is an iconic architectural masterpiece located in the heart of the Quinta do Lago luxury resort on an elevated frontline golf plot. This contemporary style property seamlessly integrates with its natural environment, boasting views of the south golf course, the mountains, Ria Formosa Natural Park and sea.

The three point view as you walk through the impressively strong yet private front door immediately sets the tone of the very organic villa built with exposed concrete, natural wood and steel, used to create a harmonious and modern aesthetic, elegantly furnished with Italian craftsmanship. The property comprises an open living which includes the main lower lounge, the spacious dining area adjacent to the Arclinea kitchen with a separate butlers kitchen, a beautiful home office, family room/library and guest bathroom.

This property boasts six/seven bedrooms, including two bedrooms with dressing areas. The whole house is adorned with internal plants and interior landscaping alongside multiple seating areas throughout this impressive property. There is also a laundry room near the multiple-car garage with an electrical charging station. The gym and dance area is next to the sauna and steam room with an additional shower room and exterior access to an exterior yoga courtyard off the gym. There is a separate entertainment room and a luxury cinema room with state of the art surround sound system.

The heated saltwater pool is off the main living area and adjacent to the pool bar, BBQ and fire pit. There are numerous terraces around the property including one off the first floor leading onto the roof terrace with lift access and bar where the spectacular 360° views of the mountains and picturesque beach are splendidly exhibited. The villa has a plot of 2.880m² with additional adopted garden of 3297m² creating very private surroundings. The landscape is beautifully tropical both internally and externally. A real one of a kind property with a combination of luxury, aesthetics and functionality.
